

## Commercial Insurance

### Coverage That Meets Your Needs

At Filice, we understand that every business has unique insurance needs, so we offer a complete line of business insurance products and services designed to ensure each of our client companies are provided with the best coverage, at the best price, for their organization.

We provide our clients with a complete analysis of their business operations to ensure we uncover any possible exposures. Our approach allows us to customize our service based on the individual needs of each of our customers, while at the same time providing the prompt service necessary to meet the demands of your operations.

Our commercial insurance representatives provide a level of professional and technical expertise and service that is unparalleled in our industry.

Our loss control experts can help protect your company by improving safety and reducing your exposure to loss.

We can also provide assistance with various loss control issues such as safety program development and employee and supervisor training, with our online tools and resources that are designed save you time and help address your risk management and human resource needs.

### Products That Fit Your Budget

Filice Leavitt Insurance Services is a member of the Leavitt Group, the third largest privately held insurance brokerage in the nation.
